PROFESSIONAL SUMMARY

Results-driven Full-Stack Developer with 6+ years of experience designing and delivering scalable web applications across front-end and back-end ecosystems. Proficient in Angular, React, JavaScript (ES6+), TypeScript, and .NET, with deep expertise in RESTful API development, component-driven architecture, and CI/CD pipelines. Proven track record of modernizing legacy systems, optimizing application performance, and collaborating in Agile/Scrum environments to deliver high-impact solutions for B2B, B2C, and FOS platforms. Passionate about clean code, mentoring teammates, and continuously adopting emerging technologies.

CORE TECHNICAL SKILLS

Front-End: Angular, React, Vue.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, RxJS, NgRx, 11ty, Nunjucks

UI Frameworks: Bootstrap, Tailwind CSS, Angular Material, PrimeNG, PrimeFlex

Back-End & APIs: .NET, RESTful API, SOAP API, SQL, Firebase

Tools & DevOps: Git, CI/CD, Figma, Agile/Scrum,

Soft Skills: Team Leadership, Mentoring, Problem-Solving, Cross-functional Collaboration, Communication

WORK EXPERIENCE

Full-Stack Developer | Travvise Technologies – Doha, Qatar

Dec 2022 – Present

- Currently driving modernization efforts by integrating legacy travel applications with new services, while also creating and integrating APIs with .NET to strengthen system performance. Focused on delivering reliable solutions that support client success across FOS, B2B, and B2C platforms.
- Actively implementing cost-effective strategies, and developing a lightweight and effective application designed with reusable components for a smoother user experience, paired with reliable REST and SOAP API handling.
- Utilizing cutting-edge frameworks such as Angular with TypeScript, in conjunction with Bootstrap, Angular Material, and PrimeNg, to craft dynamic UI components and elevate user experiences to the next level.
- Holding a leadership role in front-end development projects, while also playing a crucial part in mentoring and guiding fellow team members. Passionate about fostering collaboration and continuous learning within the team.

Front-End Developer | Neoito Technologies – India

Feb 2020 – Dec 2022

- Excelled as a Front-End UI Developer, seamlessly integrating functionality into web applications. Delivered 10+ full-cycle web application projects using modern frameworks, serving diverse clients across e-commerce, SaaS, and enterprise domains.
- Leveraged a diverse range of frameworks including HTML, Angular, React, Next.js, Vue.js, 11ty, JavaScript, JQuery and Nunjucks to deliver robust and dynamic user interfaces.
- Skillfully implemented CSS frameworks like Bootstrap and Tailwind CSS to enhance visual aesthetics and ensure cross-browser compatibility.
- Played a pivotal role in both internal and client projects, contributing to the development of innovative solutions tailored to meet diverse business needs.
- Actively participated in the project estimation team, providing valuable insights to ensure accurate planning and resource allocation.
- Engaged in mentoring programs, sharing expertise and fostering professional growth within the team, contributing to a collaborative and supportive work environment.

UI Developer (Trainee) | Orisys India Consultancy Services – India

Sep 2019 – Feb 2020

- Designed and built responsive web interfaces using HTML5, CSS3, and JavaScript best practices at Orisys Academy, Trivandrum, establishing strong foundations in front-end architecture.
- Monitored and enhanced web page performance through continuous improvement initiatives, achieving measurable gains in user satisfaction and load speed metrics.

- Collaborated with senior developers to implement UI designs from Figma mockups, ensuring pixel-perfect accuracy and adherence to accessibility standards.

EDUCATION

Master of Science in Computer Science | Mahatma Gandhi University, Kottayam **Sep 2017 – May 2019**

- Advanced coursework in algorithms, data structures, software engineering, and programming languages.
- Engaged in practical projects and research endeavors, applying theoretical knowledge to realworld scenarios, and fostering critical thinking and problem-solving skills.
- **Capstone Project:** Steganography in Police Cell — developed using ASP.NET with MS SQL Server.

Bachelor of Science in Physics with Computer Applications | Mahatma Gandhi University, Kottayam **Jul 2014 – May 2017**

- Proficiency in Java, C, C++, Visual Basic; active participant in coding competitions and hackathons.
- Actively participated in various coding programs and competitions, showcased problem-solving skills and innovative thinking
- **Capstone Project:** An Experimental Study on the Aerodynamics of Paper Planes.

CERTIFICATIONS & ADDITIONAL INFORMATION

Certifications: Udemy — JavaScript & Cloud Computing,
Cognitive Class — Python

Languages: English (Fluent), Malayalam (Native), Hindi, Tamil

Awards: Record Smasher Award for Outstanding Performance — Neoito Technologies

Interests: Web Design, Design Thinking, Front-End Architecture, Open Source

Documents: Valid QID (29735628527), Qatar Driving License
